NEUTRALITY IS KEPT IN FACE OF ODDS

Eight Thousand Bulgarians Die When They Attack the Allied Forces

(By Associated Press.)
LONDON, Dec. 13. — The difficult effort of Greece to maintain neutrality in the face of the allies' retreat on Saloniki and pursuit of the Bulgarians and Germans continues to be the chief matter of interest in the entente capitals. The latest decision by Greece, according to Athens dispatches, is to withdraw all considerable bodies of her troops impartially from danger of contact with the entente troops in Saloniki and the Germanic allies on the northern front. So far as known the attacks on the British in Macedonia have been by Bulgarians. A dispatch says that the Bulgarians left more than 8,000 dead or wounded on the field.

MILLERS DEFEATED BY TONOPAH FIVE

SPIRITED GAME OF BASKETBALL
PLAYED AT AIRDROME
THEATER

Another scalp was added to Tonopah's string when Millers went down to defeat before their hands last Saturday evening. Millers must be given credit for the game fight they put up against odds, for they have had hardly any practice at all this season. Up to the first part of the last half of the game it looked as though Millers would walk away with the game, but the Tonopah boys rallied in time and with a burst of speed shot ahead from a score of 12-12 to 45-22. Paul Rhoda of Millers was the star of the shooting, evoking much applause from the audience. Cuddy of Tonopah was the largest point winner, making seven baskets, with Dynan and Butler close seconds, each having made five field goals. The game was well attended and the audience showed their appreciation of both teams' efforts by their harmonious yells and well directed applause.

The guards of both teams are to be complimented on their close playing and the manner in which all played to their forwards. The line-up of both teams follows:

Millers—Pinkstaff, R. F.; Vincent, L. F.; Rhoda, C.; Goodrich, R. G.
Tonopah—Cuddy, R. F.; Dynan, L. F.; Butler, C.; O'Connell, R. G.; Stotesbury, L. G.

Referee—D. Kennedy.
The next game will be played in Goldfield this coming Friday night, when the local squad will try to defeat the Goldfield boys on their home court, a feat which has only been accomplished once in seven years by a Tonopah team.

AMERICAN NOTE INFORMALLY DISCUSSED

(By Associated Press.)
WASHINGTON, Dec. 13. — Baron Zweidnek, of the Austrian-Hungarian embassy, informally discussed with Secretary Lansing the American note regarding the sinking of the Italian steamer Ancona, which makes formal demands of his government for disavowal, punishment of a submarine commander, and reparation for Americans who lost their lives. It is believed that Zweidnek desired further information regarding the attitude and wishes of the United States government. It is rumored that the baron asked the secretary what he could do to alleviate the tenseness of the situation.

ROOSEVELT AND BRYAN TOLD REAL NAMES

PITCHFORK TILLMAN UPHOLDS
THE ADMINISTRATION OF
SECRETARY DANIELS

(By Associated Press.)
WASHINGTON, Dec. 13. — Declaring Bryan as "simply obsessed," Roosevelt, as the "Giant in Mother Goose," Chairman Pitchfork Tillman of the naval committee addressed the senate on national defense. He assailed what he characterized as the greed of private manufacturers of war materials. He upheld Secretary Daniels' administration of the navy and characterized as "simply outrageous" the critics of the department, numbering among them ex-Secretary Meyer. He said he realized the necessity for not only a great army, but a great navy. "Our first line of defense," he said, "should come first."

CENTENNIAL STATE SEEKS REFERENDUM

STATEWIDE PROHIBITION GOES
INTO EFFECT FIRST OF
JANUARY

(By Associated Press.)
DENVER, Colo., Dec. 11. — Problems affecting national, state and municipal revenues and legal controversies have grown out of the enactment of statewide prohibition laws in Colorado, effective January 1, 1916. Legal questions involve efforts to obtain a referendum vote on the statutory penalty law and the right of cities operating under special charter to regulate their liquor traffic.

Under the people's mandate given at the general elections Nov. 3, 1914, fourteen breweries and more than 1,500 saloons will be closed, cutting off more than a million dollars revenue of federal, state and municipal governments annually received in various forms of taxation.

Prior to the adoption of the constitutional amendment a large portion of northern Colorado was "dry" territory under the local option law passed in 1907. Colorado Springs, third largest city, excluded saloons, the late General William L. Palmer, who laid out much of the land upon which the city was built, having barred saloons in deeds to property.

The vote of Colorado electors Nov. 3, 1914, on the prohibition constitutional amendment was: For 129,589; against 118,017. Denver alone returned a "wet" majority, the figures favoring retention by approximately 10,000. George A. Carlson, an avowed adherent of the "drys," was elected governor at this time.

The ensuing legislature enacted a measure designed to enforce the prohibition amendment and to provide penalties for its violation. This law was enacted by a unanimous vote in the senate.

GREECE STANDS ON ITS BORDERS

READY TO REPEL THE
INVADERS

FIVE HUNDRED AND EIGHT SHIPS
OF ALLIES SUNK BY THE
SUBMARINES

(By Associated Press.)
LONDON, Dec. 13. — The Bulgarian troops are within five miles of the Greek border in Serbia, according to a Salonika dispatch. Athens newspapers assert that Greek troops are moving toward the Serbian border at a point where the Bulgarians are preparing to cross the boundary line and that the Greeks apparently intend to dispute the invasion. The submarines of the Teutonic powers to date have sunk 508 ships, a Berlin dispatch says.

SAN FRANCISCO HAS INCREASING STRENGTH

ST. LOUIS MAY THROW HER
STRENGTH TO WESTERN
CONTENDER

(By Associated Press.)
WASHINGTON, Dec. 13. — San Francisco's campaign for the republican national convention showed surprising strength. It is understood in case St. Louis loses hope of getting the convention, she will throw her votes to San Francisco. Philadelphia is virtually out of the race. Chicago is still a contender, but there is opposition because it was the scene of the 1912 split. The committee decided on the time and place to meet tomorrow.

MOLYBDENITE FOUND IN LIBERTY DISTRICT

OTHER VALUES, AND OF MORE
WORTH THAN SILVER, DIS-
COVERED IN THE ORE

W. H. Aubrey brought to Tonopah yesterday a bag of specimens from his property at Liberty, which had hitherto been developed a silver property. The vein samples 37 ounces in the white metal and is on the verge of being a shipping proposition.

An inspection of the samples, however, revealed the fact that there was entirely too much metal in the quartz to yield such small returns in silver and a hurried test was made last evening, revealing that the surplus metallic contents was molybdenite, a metal that is now in heavy demand with a rapidly appreciating price. Mr. Aubrey will have further tests made today and will then hurry back in preparation for making a shipment as he has a large dump of this ore extracted with plenty more in sight in the property. One very favorable phase of the situation is that the molybdenite does not lie in layers or fissures, but is shot through the white quartz, an evidence of permanency.

MERRY WAR ABOARD THE PEACE VESSEL

An Immediate Truce Demanded by the Funny Tin Lizzie Party on the Oscar

(By Associated Press.)
ON BOARD STEAMSHIP OSCAR II, Dec. 13. — A resolution condemning the president's preparedness policy brought a protest from prominent members of Henry Ford's peace party when it was presented. Rev. Charles Aked and others who drew the resolution asked that all sign it as their platform. Judge Ben Lindsey, S. S. McClure and others refused. Some threatened to leave the party when it reached Europe, if the proposed platform was adopted. An appeal to the rulers of Europe was sent by wireless. It says: "We neutrals are about to join in a conference which shall submit simultaneously to all the belligerents a proposal as a basis for discussion leading to a final settlement. We earnestly entreat you rulers and all other warring nations to declare an immediate truce. Let negotiations for peace proceed." Signed, FORD.

BURGLAR FRUSTRATED BY NIGHT OFFICER

POLICEMAN GRANT SURPRISES
MAN AT REAR OF ORIGINAL
PACKAGE

While Officer Grant was making his rounds last night he heard the sound of breaking glass at the rear of Charles Enquist's Original Package saloon and apprehended a fellow at the rear window. The glass was broken and the smashed sash evidenced that it had been jimmied.

The prisoner gave the name of W. G. Thompson. He said he arrived from San Francisco ten days ago and disclaimed any intent to burglarize the place. Beside him when he was arrested was found a piece of an old shirt that might be used as a mask, it having eyeholes cut in it. The defendant will be given a chance to explain in Justice Dunseath's court late this afternoon.

SERVICES HELD IN PRESBYTERIAN CHURCH

EDIFICE TO BE PAINTED THIS
WEEK, WHICH COMPLETES
THE REPAIRS

The Sunday school is in fine condition. The primary department will move upstairs into the new room next Sunday.

The subject of the morning sermon was "Cross Bearing." The argument was that it is easier to let Christ help bear our crosses than to try to bear them alone.

The subject in the evening was "The Value of Small Things." The painting is to be done this week and that will complete the repairs.

HERE TO AVERT AN IMPENDING MENACE

CATTLEMEN SEEK TO PROTECT
HUMAN LIVES AS WELL AS
THOSE OF LIVESTOCK

A committee of cattlemen and ranchers, consisting of J. L. Whipple and J. C. Riordan of White River, Nye county, and W. J. McGill and Charles Stevens of White Pine county, arrived last night from the east and are today interviewing county officials with a view to preventing that horrible disease, hydrophobia, from gaining a foothold in southern Nevada.

The rabies is sweeping through the northern tier of counties like a prairie fire, causing madness and death to cattle, sheep, coyotes, horses and dogs. More than 70 people have been bitten and their lives saved only by quick transportation to Reno, where they were given the Pasteur treatment at the University of Nevada.

This committee of four is seeking to have the regulations which have been made in both Nye and White Pine counties rendered more strict and to have them enforced to the letter. The gentlemen say that the feed is short in the north this winter and that large bands of sheep are being driven south. Some of the sheep themselves are infected with rabies, while they are being followed by packs of coyotes that have hydrophobia. Once the disease gains entrance to the southern counties panic will reign at the isolated ranch communities, and even a mining camp will not be immune, for a coyote suffering from hydrophobia has no fear of man and rather seeks the towns, as has been evidenced along the Humboldt river.

Now it's up to you county commissioners, Marsh, Ferguson and Davis, to do something to protect the taxpayers, who are responsible and paying the taxes to carry on our county government. The Bonanza will wait for two or three days before making editorial comment.

MISS MARY CAVANAUGH returned this morning from Goldfield. Mrs. Cavanaugh, whose health is improving after her recent severe attack of heart failure, will remain in Goldfield for a few days before returning to Tonopah.

THOS. HUSTON, representing the Underwood typewriter, was an arrival from Goldfield this morning.
